ASP Releases New TALI Member Affinity Benefit Program

American Spirit Processing, Inc. is the nation's leading PI industry merchant account provider for over 21 years. We help PI agencies accept all major credit and debit cards, guarantee personal and company checks including taking your clients payments electronically via "ACH" from their checking accounts nationwide. Our programs automate client payments for your accounts receivables; allow reoccurring billing for customer payments, while replacing much of the need for expensive collection companies. Turn your AR's into a residual income. Our e-commerce solutions allow your customers to pay in real-time from your web sites. We offer the most advanced credit card equipment including cellular terminals and cell phone applications that turn your smart phones, I-Phones and even I-Pads into mobile credit card terminals for use in field. Our latest Internet browser based program "PayNow247" enables you to turn any and all of your Windows computers into the most advanced credit card terminals (including laptops with air-cards creating a totally mobile card payment solution). We offer PI agents the lowest effective rates ever offered to private Investigators nation-wide while helping you avoid costly penalty fees normally assessed to PI merchants. TALI members can upgrade to ASP, Inc for free and save thousands of dollars each year in card processing fees. See exciting member benefits below.
